CHINMAYA KUMAR MISHRA

AI-Focused Full-Stack Developer | Next.js, Node.js | LLM & RAG

Bhubaneswar, Odisha, India | 7077835119 | imchinu17@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full-Stack Developer with 2+ years of experience building production web applications with React, Next.js, Node.js and MongoDB. Hands-on with integrating LLMs into real products: OpenAI API, Retrieval-Augmented Generation (RAG), AI chatbots and prompt engineering. Delivered 20+ client projects end to end, from requirements to deployment and support.

TECHNICAL SKILLS

AI Integration: OpenAI API, LLM-powered features, RAG, prompt engineering, AI chatbots

Frontend: React.js, Next.js, TypeScript, Redux, Zustand, Tailwind CSS, Framer Motion

Backend: Node.js, Express.js, Django, REST APIs, Socket.IO, RabbitMQ

Databases: MongoDB, Firebase, NoSQL data modeling

Languages: JavaScript (ES6+), TypeScript, Python, Bash

Tools & DevOps: Git, GitHub, Docker, Postman, Vercel

PROFESSIONAL EXPERIENCE

Full-Stack Developer - Secure Code LLC (Texas, USA) | *Remote | July 2025 - Present*

- Build full-stack features for AI-powered application security tools using Next.js, React, Node.js and MongoDB.
- Integrate AI/LLM-driven analysis workflows with security scanning to detect potential vulnerabilities and present actionable findings to developers.
- Design secure backend APIs and scanner pipelines connecting repositories, analysis engines and the user dashboard.

Full-Stack Web Developer - Metadee AI | *Remote | January 2025 - June 2025*

- Integrated OpenAI models using Retrieval-Augmented Generation (RAG) to power AI features in the product.
- Built RESTful APIs and optimized performance for seamless frontend-backend integration.

Freelance Web Developer - Self-Employed | *Remote*

- Delivered 20+ client solutions with end-to-end ownership: requirement gathering, development, deployment and support.
- Built scalable web applications with Next.js, React and secure Express.js backend APIs.

PROJECTS

AI Chatbot for GitHub Repositories | *Next.js, Express.js, MongoDB, OpenAI API, GitHub App, OAuth*

- Built an AI-powered chatbot that lets users chat with repository files and push code updates directly to GitHub.
- Implemented secure OAuth authentication and GitHub App APIs for repository access.

BookSaathi - Multi-Tenant Practice Management SaaS | *Next.js 16, React 19, Node.js, Express.js, MongoDB, Socket.IO, Zustand, Cashfree/UPI*

- Built a multi-tenant SaaS for appointment booking and practice management with zero-login patient booking.
- Implemented atomic double-booking guards to prevent scheduling conflicts and real-time updates with Socket.IO.
- Automated UPI payment workflows through Cashfree integration.

GitHub Scanner Platform | *Next.js, React, Express.js, MongoDB, GitHub App, OAuth, Framer Motion*

- Developed a scanner platform with OAuth and GitHub App integration to fetch repositories and branches and run security scans.
- Designed a responsive, animated UI (Framer Motion) to display scan results clearly.

EDUCATION

Bachelor of Technology (B.Tech) | Parala Maharaja Engineering College, Berhampur, Odisha | July 2018 - July 2021

CERTIFICATIONS

- JavaScript Algorithms and Data Structures - freeCodeCamp
- Cutshort Certified JavaScript - Advanced
- Frontend Developer (React) - HackerRank
